Engagement opportunities

Career Fairs 2025

Annually we hold a few career fairs across the academic year. Our fairs have the reputation of being New Zealand's best university fairs, come along to see why.

Engagement opportunities

Interviewing

Make use of our purpose built interviewing rooms right in the middle of campus. These are available at no charge.

Targeted emails

We can get your opportunities out directly to students (if advertised on NZUni Talent) via emails. There are costs associated with this (refer to the attached pdf)

Engagement opportunities

NZ Uni Talent

It's UC policy to only advertise roles that are published on NZUni Talent. All University of Canterbury students are automatically registered onto NZ Uni Talent and those who are looking for work tend to scan the site regularly.

Engagement opportunities

Meet & Greet opportunities

A structured presentation in the evening directly to students. You provide the guest speakers, PowerPoint presentations and perhaps pizzas, followed by a networking opportunity. We provide you with the venue, equipment, and a host to support.

There are no costs associated with this except for sending out targeted emails (optional)

Engagement opportunities

Pop up stand

Set up a pop up stand (pull up banners & merch) outside lecture theatres for a couple hours during the day. We provide you with a table and help you setup in the open space.

There are no costs associated with this except for sending out targeted emails (optional)

Engagement opportunities

Student club connections

We can connect you to student clubs on campus.

Faculty connections

We can connect you with faculties to sponsor projects, organise guest lectures, or more.
